

Salutations,

Everyone remembers the hit TV show from the late 1970's, "Welcome Back Kotter". A comedy show about a young man that left his troubled High School for something better went off to college and actually came back to contributor to the success of others. It is based upon that premise that the "Welcome Back Kotter" Program was born. An outreach program to former members (brothers) to come back and contribute to something they loved at one point in their life. To reconnect with old friends and remember how important singing and camaraderie was. This program involves a chapter to hold a "Welcome Back Kotter Night, the first week in October. In preparation for this the District will be providing a list of dropped members within a twenty-five mile radius of each chapter. This list will contain the last known address, phone number and e-mail (what was on file with the Society when they left) Your chapter can then phone, mail or e-mail each man. We suggest trying all three. Send out a letter via snail-mail, follow-up with an e-mail and finally give them a call. You should begin reaching out to your "Kotters" the week following Labor Day. Good Luck in reconnecting with these special, old friends.

Yours in Harmony;
